

ARSLAN AHMAD

Senior Full-Stack Developer & AI Systems Engineer

arslanahmadt58@gmail.com +92 345 0776252 Narowal, Pakistan / Remote

PROFESSIONAL SUMMARY

Senior Full-Stack Developer with 5+ years of experience building high-performance web applications and, over the past year, architecting AI-driven systems and agentic workflows. Skilled in developing and integrating AI agents, chatbots, and automation pipelines using tools like Claude Code and Lovable, alongside strong foundations in React, Laravel, Node.js, and modern databases. Proven track record of leading projects end-to-end — from system architecture to deployment — for both local and international clients.

PROFESSIONAL EXPERIENCE

AI Web Systems Developer & Integration Lead

Jan 2026 – Present

EIA (USA, Remote)

- Develop and integrate AI agents, chatbots, and MCP-based systems into enterprise web applications for US-based clients.
- Architect natural-language automation pipelines that connect AI models with business workflows and databases.
- Lead technical project execution end-to-end, from system design to deployment and client delivery.

Senior Web Designer & Developer (Team Lead & Instructor)

Nov 2025 – Present

Mazain Solution, Narowal

- Lead end-to-end development of complex web applications, ensuring 99.9% uptime and high performance.
- Orchestrate project lifecycles, translating stakeholder business requirements into technical roadmaps.
- Mentor and train students as an instructor, conducting hands-on sessions in web development fundamentals.
- Optimize web performance and SEO, resulting in improved user engagement for corporate clients.

Full-Stack Developer (Freelance & Client Projects)

2021 – 2025

Project-Based Solutions

- Delivered 10+ custom web solutions for local and international clients using HTML5, CSS3, JavaScript, PHP, and Laravel.
- Developed complex algorithmic systems in C++ utilizing advanced DSA to solve technical challenges.
- Implemented responsive design principles ensuring seamless experiences across mobile and desktop.

Web Development Intern

1 Month

Climax Solutions

- Hands-on foundational development in PHP, Laravel backend structures, and database workflows.

KEY PROJECTS & AGENTIC SOLUTIONS

AI-Powered Project Management System (PMS)

Complex Monday.com-style board architecture featuring AI Agents, MCP Servers, role-based admin locks, real-time state tracking, form builder, and publishing features.

Enterprise Multi-Vendor E-Commerce Platform

Scalable Amazon-like multi-vendor ecosystem with real-time order tracking, vendor management, and complex database logic.

AI Media Transcriber & Social Workflow Engine

Automated video/reel transcript extraction pipeline integrated with MCP Protocol for seamless data querying.

Smart IoT Parking Management System

Live hardware-software synchronization using Python vision/camera models and web management dashboard.

Additional Projects: Single-Vendor Portals, CMS Platforms, and Custom API Integrations.

TECHNICAL COMPETENCIES

FULL-STACK WEB DEVELOPMENT

React, Laravel, Node.js, Express.js, Next.js, PHP, JavaScript (ES6+), MySQL, Supabase, MongoDB, REST APIs, WebSockets, Twilio, SMTP, Tailwind CSS, Bootstrap, HTML5, CSS3

AI SYSTEMS & AUTOMATION

Claude Code, Lovable, AI Agents, MCP Servers & Tools, AI Chatbots, AI-Powered App Integration, Workflow Automation, AI-Driven Data Operations, React Native & Expo

SOFTWARE ENGINEERING & TOOLS

Object-Oriented Programming (OOP), Data Structures & Algorithms (DSA), C, C++, Git, GitHub, VS Code, Cursor, SQL Workbench, XAMPP, Postman, Command Prompt

EDUCATION

Government College University Faisalabad (GCUF) Bachelor of Science in Information Technology	2023 – 2027
Punjab Group of College Intermediate in ICS	2021 – 2022

HONORS & AWARDS

Best Programmer Award (2024)
Project Lead - IT Department
Achieved 1st Prize in a cross-semester programming competition among all CS & IT students.

LANGUAGES & INTERESTS

Languages: English (Professional), Urdu (Native)
Interests: Logical Functionality, Algorithmic Optimization, Problem Solving
